

Save All Textures Related to Garments

Objective

Save all texture images used on Garments and subsidiary materials to a designated folder.

Surface Textures can also be cropped to a desired size before they are saved. (v. 2.5.0)

Location

- Main Menu File Save As Surface Textures

 Surface Texture refers to the surface texture of a Garment.

Operation

1. Find **and** click the menu indicated in **Location**.
The Save File window will be opened.
2. Select a Folder location to save the Surface Textures, then press 'Save'.
The Save Surface Textures window will appear. (v. 2.5.0)
3. Select from the available settings: (v. 2.5.0)

Original Size	Saves the Surface Texture in its original size.
Crop Fabric Textures	Crops the image file based on the value entered.

4. Click OK.
The selected image size setting is applied and the files are saved to the Folder location assigned.
